

Global Infectious Disease Research Training Program Awards

Grantee	Training Program	Training Country Focus	Research Training Focus
Serap Aksoy, Ph.D. Yale University serap.aksoy@yale.edu	Molecular Analyses of Vector-Host-Leishmania Interaction (2003-2008)	Colombia	Leishmaniasis, vector biology, immunology, pathology & molecular genetics
David Blazes, M.D. M.P.H. U.S. Naval Medical Research Center blazes@nmrcd.med.navy.mil	Peru Infectious Diseases Epidemiology Research Training Consortium (2005-2010)	Peru	Epidemiology, malaria, dengue fever, Bartonellosis
Henry Blumberg, M.D. Emory University hblumbe@emory.edu	Emory-Georgia TB Research Training Program (2004-2009)	Republic of Georgia	Tuberculosis
Donald Burke, M.D. Johns Hopkins University dburke@jhsph.edu	Planning for Avian Influenza Outbreaks Pandemics in Thailand (2005-2010)	Thailand	Influenza, epidemiology, computer modeling
Edgar Carvalho, M.D., Ph.D. Federal University of Bahia edgar@ufba.br imuno@ufba.br	Tropical Infectious Disease Training Grant (2004-2009)	Brazil	Immunology & genetics of leishmaniasis, schistosomiasis & HTLV-1 infections
Craig Cohen, M.D. M.P.H. University of California-San Francisco ccohen@psg.ucsf.edu	KEMRI-UCSF Infectious Disease Research Training Program (2005-2010)	Kenya	Sexually transmitted infections, epidemiology, clinical studies, microbiology
Daniel Colley, Ph.D. University of Georgia dcolley@uga.edu	Strengthening Biomedical Research Capacity in Kenya (2005-2010)	Kenya	Schistosomiasis, malaria, vector biology, immunology, genetics, biochemistry, cell & molecular biology
Liwang Cui, Ph.D. Pennsylvania State University luc2@psu.edu	Enhancing Vivax Malaria Research in Thailand (2004-2009)	Thailand	P. vivax malaria

Grantee	Training Program	Training Country Focus	Research Training Focus
Hector Garcia, M.D., Ph.D. Universidad Peruana Cayetano Heredia hgarcia@jhsph.edu	Training in Infectious Diseases in Peru (2006-2011)	Peru	Diarrheal disease, cysticercosis, tuberculosis
Robert Gilman, M.D. Johns Hopkins School of Public Health rgilman@jhsph.edu	Infectious Disease Training Program in Peru (2003-2008)	Peru	Epidemiology, parasitic & enteric infections, molecular microbiology
Richard L. Guerrant, M.D. University of Virginia rlg9a@virginia.edu	Global Infectious Disease Research Training Grant at U.Va. (2003-2008)	Brazil	Enteric infections, clinical tropical medicine
Lee Harrison, M.D. University of Pittsburgh lharriso@edc.gsph.pitt.edu	Molecular Epidemiology of Drug-Resistant, Vaccine Preventable, & Food-Borne Diseases in Brazil (2004-2009)	Brazil	Drug resistant, vaccine preventable & food-borne bacterial diseases
Gregory Hussey, M.Med. D.T.M.H. University of Cape Town ghussey@rmh.uct.ac.za	South African Infectious Disease Clinical Research Training Program (2006-2011)	South Africa	Tuberculosis, clinical research
Gagandeep Kang, M.D., Ph.D. Christian Medical College gkang@cmcvellore.ac.in	Multi-disciplinary Research Training in Enteric Infections (2005-2010)	India	Enteric infections, clinical microbiology, immunology
Charles King, M.D., Ph.D. Case Western Reserve University chk@po.cwru.edu	Kenya Infectious Diseases Research (2003-2008)	Kenya	Filariasis, malaria, schistosomiasis, vector biology, genetic epidemiology, molecular pathogenesis

Grantee	Training Program	Training Country Focus	Research Training Focus
Albert Ko, M.D. Cornell University aik2001@med.cornell.edu	Emerging Infectious Diseases & Urbanization (2003-2008)	Brazil	Treatment, prevention & control strategies for urban infectious diseases; Molecular epidemiology; Anti-microbial resistance in community-acquired infections
Gregory Lanzaro, Ph.D. University of California-Davis gclanzaro@ucdavis.edu	Training in the Biology of Malaria Vectors in Mali (2005-2010)	Mali	Malaria, vector biology, population genetics, cytogenetics, ecology, biostatistics, molecular biology
Philip LoVerde, Ph.D., M.S. Southwest Foundation for Biomedical Research ploverde@sfbr.org	Training in Emerging Re-Emerging Diseases in Brazil (2003-2008)	Brazil	Schistosomiasis, genetic epidemiology, immunology, vector biology, geographic information systems & bioinformatics
Gregory Mertz, M.D. University of New Mexico gmertz@salud.unm.edu	Training in Hantavirus Ecology, Virology & Clinical Investigation in the Americas	Chile, Panama	Hantavirus, ecology, virology & clinical research
Steven Meshnick, M.D., Ph.D. University of North Carolina meshnick@unc.edu	Infectious Disease Epidemiology Training for Malawians (2003-2008)	Malawi	Epidemiology of infectious diseases, public health, malaria, sexually transmitted diseases, tuberculosis
Dale Morse, M.D., M.S. New York State Department of Health dlm04@health.state.ny.us	NYS International Research Training Program (2005-2010)	Republic of Georgia	Hepatitis, emerging infections, epidemiology
Christopher Plowe, M.D., M.P.H. University of Maryland cplowe@medicine.umaryland.edu	Malaria Research Training in Mali (2006-2011)	Mali	Malaria, vaccine & combination drug trials, bioinformatics & applied genomics

Grantee	Training Program	Training Country Focus	Research Training Focus
Lee Riley, M.D. University of California-Berkeley lriley@berkeley.edu	Emerging Drug-Resistant Infections (2003-2008)	Brazil	Epidemiology of drug resistance & bacterial diseases
Philip Rosenthal, M.D. University of California-San Francisco rosnthl@itsa.ucsf.edu	Training in Malaria Research in Uganda (2005-2010)	Uganda	Malaria, clinical studies, epidemiology, drug resistance
Edward Ryan, M.D. Massachusetts General Hospital etryan@partners.org	Training Program in Vaccine Development (2006-2011)	Bangladesh	Cholera, genomics, proteomics, vaccine development
Ken Stuart, Ph.D. Seattle Biomedical Research Institution ken.stuart@sbri.org	Research Training on Intracellular Pathogens (2006-2011)	India	Leishmania, malaria, tuberculosis, molecular biology, immunology, bioinformatics
Herbert Tanowitz, M.D. Yeshiva University tanowitz@aecom.yu.edu	Interhemispheric Research Training in Infectious Diseases (2004-2009)	Brazil	Chagas' disease, leprosy, toxoplasmosis, malaria, fungal infections
Joseph Vinetz, M.D. University of California-San Diego jvinetz@ucsd.edu	Endemic Infectious Diseases of the Peruvian Amazon (2004-2009)	Peru	Enteric bacterial and parasitic diseases (malaria, leptospirosis, neonatal sepsis), clinical microbiology and immunology
David Walker, M.D. University of Texas Medical Branch dwalker@utmb.edu	Tropical Vector-Borne Viral & Rickettsial Infections (2003-2008)	Mexico, Cameroon	Rickettsial disease, zoonotic transmission, vector biology
Clinton White, M.D. Baylor College of Medicine arthurw@bcm.tmc.edu	Cayetano Heredia Training Program in Global Infectious Disease (2003-2008)	Peru	Enteric infections, immunology

Grantee	Training Program	Training Country Focus	Research Training Focus
Dyann Wirth, Ph.D. Harvard School of Public Health dfwirth@hsph.harvard.edu	Training in Malaria Pathogenesis and Diversity in Africa (2005-2010)	Senegal	Malaria molecular biology
Chansuda Wongsrichanalai, M.D., M.P.H., Dr.P.H. National Institute of Public Health/NAMRU2 chansuda@bangkok.th.com	Research Training for Cambodian Scientists in Effective Control of Vivax Malaria (2005-2010)	Cambodia	Vivax malaria drug resistance, diagnostics, epidemiology, clinical studies
Guiyan Yan, Ph.D. University of California-Irvine guiyuny@uci.edu	Population Biology of African Malaria Vectors (2005-2010)	Kenya	Malaria, vector biology, population genetics
Anita Zaidi, M.D. Aga Khan University anita.zaidi@aku.edu	Infectious Diseases & child health in Pakistan Research Training Program (2006-2011)	Pakistan	Rotavirus & pneumococcal vaccine translational research, neonatal infections
Peter Zimmerman, Ph.D. Case Western Reserve University paz@po.cwru.edu	CASE-PNG Infectious Disease Research Training Program (2005-2010)	Papua New Guinea	Malaria, filariasis, pneumococcal pneumonia, tuberculosis, arbovirus infections, epidemiology, clinical studies
